Description

Sorting fact values for a given host does shuffle the order around, but not into alphabetically sorted ones. Sample screenshot of the problem on the latest git as of today (nov 30) attached.

Is duplicate of Foreman - Bug #99: Fact names should be sortable	**Closed**	**11/28/2009**

History

#1 - 11/30/2009 08:10 PM - Martin Englund

- Category set to Inventory

- Status changed from New to Closed

This is because it sorts on fact_name.id, but it is fixed by bug #99
