Description Currently it only triggers when Build mode was clicked manually. This form greatly improves provisioning experience when users has misconfigurations in their templates. I am setting High priority because I think the effort is low to introduce this.

History

#1 - 05/07/2015 06:13 AM - Lukas Zapletal

- Related to Feature #746: Generate all the Host template when click on Build to avoid errors during installation added

#2 - 05/07/2015 06:35 AM - Dominic Cleal

- Priority changed from High to Normal

- Difficulty deleted (easy)

Unsetting, so it doesn't turn up in the trivial/easy issue search, as it won't be for a new contributor.
