

Foreman - Bug #10978

"No networks found." while creating oVirt Compute Profiles

07/02/2015 04:52 AM - Sherif Nagy

Status: Closed	
Priority: Normal	
Assignee: Ivan Necas	
Category: Compute resources - oVirt	
Target version: 1.11.1	
Difficulty:	Fixed in Releases:
Triaged:	Found in Releases: 1.8.2
Bugzilla link:	Red Hat JIRA:
Pull request: https://github.com/foreman/foreman/pull/3412	
Description	
<p>The compute profiles that are assigned to oVirt compute resources are no longer able to view the oVirt network configurations and shows the following message:</p> <p>Network interfaces No networks found.</p> <p>However while provisioning a VM from a configured host group the user must go to interfaces tab then edit the interface and assign a network Name and chose the network under the oVirt subsection.</p>

The compute profiles that are assigned to oVirt compute resources are no longer able to view the oVirt network configurations and shows the following message:

Network interfaces
No networks found.

However while provisioning a VM from a configured host group the user must go to interfaces tab then edit the interface and assign a network Name and chose the network under the oVirt subsection.
