

Foreman - Feature #11114

Inform the user when deleting a host with associated VM

07/14/2015 08:29 AM - Lukas Zapletal

Status:	Duplicate	Fixed in Releases: Found in Releases: Red Hat JIRA:	
Priority:	Normal		
Assignee:			
Category:	Web Interface		
Target version:			
Difficulty:			
Triaged:			
Bugzilla link:			
Pull request:			
Description			
We already issue a warning when deleting a host, if it has a VM associated, we should add extra information about the fact that the VM will be terminated immediately.
