def enc	
foreman_url = "#{url}/node/#{certname}?format=yml"	
uri = URI.parse(foreman_url)	
+ # comment the next 2 lines if you need to use self-signed certificates	
req = Net::HTTP::Get.new(foreman_url)	
res = Net::HTTP.start(uri.host, uri.port) {  http  http.request(req) }	
+ # uncomment the next 5 lines if you need to use self-signed certificate	
+ # https = Net::HTTP.new(uri.host, uri.port)	
+ # https.use_ssl = true	
+ # https.verify_mode = OpenSSL::SSL::VERIFY_NONE	
+ # req = Net::HTTP::Get.new(foreman_url)	
+ # res = https.request(req)	
+	
raise "Error retrieving node #{certname}: #{res.class}" unless res.code == "200"	
res.body	
end	

### History

#### #1 - 09/04/2011 06:59 AM - Ohad Levy

any chance you want to send it as a git patch or github pull request?

thanks!

#### #2 - 09/06/2011 11:48 AM - Craig White

If I knew how...

1. cd /var/www/foreman/
2. git format-patch origin/develop --stdout #

1. git status extras/puppet/foreman/files/\*
2. On branch develop
3. Your branch is behind 'origin/develop' by 43 commits, and can be fast-forwarded. #  
nothing to commit (working directory clean)

#### #3 - 06/18/2013 09:33 AM - Benjamin Papillon

- Status changed from New to Closed

The script has been refactored to node.rb taking into account the PuppetCA certificates.

Feel free to reopen the ticket if it is not matching your needs.
