Description

On RHEL7, the following files are not in the right place for ruby193-mod_passenger-4.0.18-19.el7sat.x86_64

/etc/httpd/conf.d/passenger.conf
/etc/httpd/conf.modules.d/passenger.conf
/usr/lib64/httpd/modules/mod_passenger.so

This will cause conflicts when installing the mod_passenger and the debuginfo pacakges.
