Description

get this error while trying to create a new host using a openstack computer resource. connection test was all good and i can manually login to openstock sever to manually create using the same account. i am on foreman 1.8.2 RHEL 6.

here is the detailed log:

/usr/lib/ruby/gems/1.8/gems/passenger-4.0.18/lib/phusion_passenger/rack/thread_handler_extension.rb:77:in `process_request'

History

#1 - 08/03/2015 05:51 AM - Lukas Zapletal

- Status changed from New to Need more information

- Difficulty deleted (hard)

It looks like the image associated for this CR was deleted in OpenStack. Can you verify and re-associate it?

#2 - 08/03/2015 01:47 PM - tony zheng

no it wasnt. i can create the instance with the same image manually in openstack web GUI.

#3 - 05/17/2017 03:16 PM - Anonymous

- Status changed from Need more information to Resolved

closing due to timeout
