| Pull request: | https://github.com/theforeman/foreman-selinux/pull/82 | |
| Description | | |
| Foreman-Openscap using /var/spool/foreman-proxy/openscap/ to store uploaded ARF reports. Uploads from client fail because an AVC: | | |
| <pre>1360. 08/26/2015 13:48:14 ruby system_u:system_r:foreman_proxy_t:s0 2 dir write system_u:object_r:var_spool_t:s0 denied 242934 1361. 08/26/2015 13:48:14 ruby system_u:system_r:foreman_proxy_t:s0 2 dir add_name system_u:object_r:var_spool_t:s0 denied 242934 1362. 08/26/2015 13:48:14 ruby system_u:system_r:foreman_proxy_t:s0 2 file create system_u:object_r:var_spool_t:s0 denied 242934 1363. 08/26/2015 13:48:14 ruby system_u:system_r:foreman_proxy_t:s0 2 file write open system_u:object_r:var_spool_t:s0 denied 242934 1364. 08/26/2015 13:49:02 ruby system_u:system_r:foreman_proxy_t:s0 83 dir create system_u:object_r:var_spool_t:s0 denied 242942</pre> | | |
| Current type context: matchpathcon /var/spool/foreman-proxy/openscap /var/spool/foreman-proxy/openscap system_u:object_r:var_spool_t:s0 | | |
| Possible solution: An addon to the foreman-proxy module with: | | |
| <pre>require { type foreman_proxy_t; type var_spool_t; class dir { write create add_name }; class file { write create open }; } #===== foreman_proxy_t ===== allow foreman_proxy_t var_spool_t:dir { write create add_name }; allow foreman_proxy_t var_spool_t:file { write create open };</pre> | | |
| or adding a fcontext to the fcontext database. | | |
