Foreman - Bug #11619

Can't seed locked templates

08/31/2015 06:12 AM - Stephen Benjamin

Status:	Closed		
Priority:	Normal		
Assignee:	Stephen Benjamin		
Category:	Templates		
Target version:	1.9.1		
Difficulty:		**Fixed in Releases:**	
Triaged:		**Found in Releases:**	
Bugzilla link:		**Red Hat JIRA:**	
Pull request:	https://github.com/theforeman/foreman/pull/2652		

Description

Something like `ProvisioningTemplate.create(...some stuff..., :locked => true` doesn't work, you have to create it and change the locked value later.

```
ActiveRecord::RecordInvalid: Validation failed: This template is locked. Please clone it to a new template to customize.
```

The validation should only validate if the record is persisted.
