

## Foreman - Bug #11721

### Inconsistency with select2 on compute profile files

09/08/2015 07:17 AM - Ivan Necas

<b>Status:</b> New	
<b>Priority:</b> Normal	
<b>Assignee:</b>	
<b>Category:</b> Web Interface	
<b>Target version:</b>	
<b>Difficulty:</b>	<b>Fixed in Releases:</b>
<b>Triaged:</b>	<b>Found in Releases:</b>

I don't think it should have been disabled in actual fact, given that's what the feature was added for in the first place. I think I misunderstood the intention of [#11171](#) when reviewing it.

They work reliably now on the interfaces modal so it ought to be possible to have them work in profile editing too.
