Foreman - Bug #11767

Templates are not being resolved in the host form

Description

Even though the templates are set correctly, when hitting "Resolve" the response is always "Sorry but no templates were configured". Provisioning itself is not affected and works as expected though.

Further investigation showed the problem is in mass assignment that happens in the background call triggered by the button:

```
 | ActiveModel::MassAssignmentSecurity::Error (Can't mass-assign protected attributes: 0, new_inte
rfaces):
 |    app/models/concerns/foreman/sti.rb:22:in `new'
 |    app/models/concerns/foreman/sti.rb:22:in `new_with_cast'
 |    app/models/host/base.rb:75:in `initialize'
 |    app/models/host/managed.rb:49:in `initialize'
