Description In Rails 4 whiny_nils are going to be removed. These are useless now that we don't support ruby 1.8.7. Since config.eager_load is mandatory in Rails 4, I'll set it when we remove this in dev/test.

Fixes #11812 - Remove whiny nils and add eager load

In Rails 4 eager_load is mandatory, and whiny_nils are already useless in Foreman as we don't support 1.8.7.
