Foreman - Bug #11825

Adding template types from plugins doesn't work with taxonomies

09/15/2015 09:18 AM - Ivan Necas

Status:	Closed

Pull request:	https://github.com/theforeman/foreman/pull/4890		

Description

We hit an issue in foreman_remote_execution, when trying to add has_many
association to taxonomies, after the after_create defined, due to the behavior
described in rails/rails#12180 (comment).

Switching from after_create to before_create (and using `#{association}=` instead of `<<`, just for sure)
fixed the issue for us
