Description		
Rails 4.1 deprecates assert_present and assert_blank as per http://guides.rubyonrails.org/4_1_release_notes.html . We don't use these extensively, so we can afford to remove them and use the recommended assert object.present? and assert object.blank?

Fixes #11912 - Remove deprecated assert_present assert_blank

Rails 4.1 deprecates assert_present and assert_blank as per http://guides.rubyonrails.org/4_1_release_notes.html . We don't use these extensively, so we can afford to remove them and use the recommended assert object.present? and assert object.blank?

Merging this won't introduce any failures on Rails 3 and it will reduce the diff between the develop and rails 4 branches
