Foreman - Bug #12118

AssociationAuthorizer should ask model for alternative permission names

10/08/2015 07:59 PM - Stephen Benjamin

Status:	Closed

Pull request:	https://github.com/theforeman/foreman/pull/2803		

Description

Current assumes some magic: a House model would always be "view_houses", but maybe you want a different permission name. Especially for plugins the code generates stuff like "view_foreman_salt/houses"
