

Foreman - Bug #12225

TopbarSweeper should invalidate on plugin installation/removal

10/20/2015 10:29 AM - Lukas Zapletal

Status: Closed	
Priority: Normal	
Assignee: Lukas Zapletal	
Category: Plugin integration	
Target version: 1.12.0	
Difficulty:	Fixed in Releases:
Triaged:	Found in Releases:
Bugzilla link:	Red Hat JIRA:
Pull request: https://github.com/foreman/foreman/pull/2849 , https://github.com/foreman/foreman/pull/3496 , https://github.com/foreman/foreman/pull/3517	
Description	
Users (and devs apparently) forget to log-out missing items in the main menu :)

- Status changed from New to Rejected

Since we upgraded to Rails 4.x this patch is no longer necessary and it just works. Compare

http://edgeguides.rubyonrails.org/caching_with_rails.html#fragment-caching

- Status changed from *Rejected* to *New*

Re-opening as the issue is still present, tested on current develop. As per my comment at <https://github.com/foreman/foreman/pull/2849#issuecomment-217127785>, the view fragment isn't changed when installing/uninstalling plugins, so the cache wouldn't get invalidated by the new mechanism in Rails 4. The digest is disabled in any case.
