Pull request:	https://github.com/theforeman/foreman/pull/2855		

Description

The Nic::Bootable model should have been removed entirely in [#10988](#), but instead only the deprecation warning (when using the class) was removed. The model should be deleted.

Fixes #12245 - Remove Nic::Bootable

Problem
On c1755e070ee10ee026e0b3996378368369c4ca83 I removed the deprecation of
using Nic::Bootable. However the model could still be used, now without
any warning.

Solution
Remove the model and other instances where it's called, and substitute
it by Nic::Managed with provision set to true.
