Pull request: https://github.com/foreman/foreman/pull/2854	
Description	
When placed in a rails initializer the rack middleware fails to load, throwing a can't modify frozen array error. Moving the initialization to the application config resolves this issue.

Fixes #12311 - Fix issue with failed initialization of rack openid middleware.

This fix is for rails4 but is backwards compatible with rails3

When placed in a rails initializer the rack middleware fails to load, throwing a can't modify frozen array error. Moving the initialization to the application config resolves this issue.
