Pull request:	https://github.com/theforeman/foreman/pull/2961		

Description
In report model we should add attr_accessible :host_id, :reported_at, :status, :metrics to support children who assign those values.

- Related to Bug #7568: Use attr_accessible for rails 4 upgrade added

#2 - 12/07/2015 07:44 AM - Dominic Cleal

- Category set to Rails

The report importers don't use mass-assignment at the moment, AFAIK.

#3 - 12/07/2015 08:05 AM - The Foreman Bot

- Status changed from New to Ready For Testing

- Assignee set to Shlomi Zadok

- Pull request https://github.com/theforeman/foreman/pull/2961 added

#4 - 12/07/2015 08:48 AM - Shlomi Zadok

Use case:
In foreman_openscap, we do not use a report importer, the ArfReport has a method which simulates the importer to create the ArfReport.
As you can see, we generate the report directly with ArfReport.create! which yields:

```
Action failed
ActiveModel::MassAssignmentSecurity::Error: Can't mass-assign protected attributes: host_id, reported_at, stat
us, metrics
```

#5 - 12/08/2015 04:02 AM - Dominic Cleal

- translation missing: en.field_release set to 71

Due to using Taxonomix in the ArfReport model, it makes the model protected.

#6 - 12/08/2015 05:01 AM - Shlomi Zadok

- Status changed from Ready For Testing to Closed

- % Done changed from 0 to 100
