

Foreman - Bug #1304

Long puppet classes makes the UI not correct

11/09/2011 01:59 PM - Florent Delvaille

Status: Closed	
Priority: Normal	
Assignee: Amos Benari	
Category: Web Interface	
Target version: 1.0	
Difficulty:	Fixed in Releases:
Triaged:	Found in Releases:
Bugzilla link:	Red Hat JIRA:
Pull request:	
Description	
Hi,	
As you can see on the screenshot in attachment, if the puppet classe name is too long (e.g: mount:caviar_prod_readonly), then the "+" button of this class will be written on the next line, with the next puppet class, which makes stuffs totally unclear.	
As already discussed in the past, this "feature" of fixed_size columns creates more problems than before (0.4_RC3) with the UI presentation.	
Regards;

Associated revisions

Revision fdac5d15 - 12/04/2011 03:44 AM - Amos Benari

fixes #1304 re issue the fix as it seemed to get only half merged

History

#1 - 11/17/2011 03:44 AM - Ohad Levy

- Assignee changed from Ohad Levy to Amos Benari
- Target version set to 0.4.1

#2 - 12/02/2011 01:52 AM - Ohad Levy

- Status changed from New to Closed
- Target version changed from 0.4.1 to 1.0

this was fixed as part of the rails 3 migration, and cant be backported to 0.4-stable easily

#3 - 01/05/2012 02:49 PM - Florian Koch

- File *classnames.png* added
- Status changed from Closed to Assigned

Hi, it seems that this is not fixed

see *classnames.png*

i am on develop rev fc38fccdf83b93f6437cb34d0d40a016970044a3

rgds florian

#4 - 03/06/2012 04:50 AM - Florian Koch

any news here?

#5 - 05/07/2012 06:45 AM - Florian Koch

- Status changed from Assigned to Closed

this is fixed with the latest develop version
