<b>Description</b> A few issues with the alert boxes shown on the provisioning template edit form:  1) Two icons are shown on the alert box on the main Template tab linking to template functions/macros. There's a Patternfly alert icon and a small "i" icon.  2) Editing a snippet shows an alert type box on the Association tab, but the text inside has a lot of padding to the left and isn't centred, with no icon.  3) Editing a regular provisioning template shows an alert box on the Association tab, but the text inside is indented to the right again, with no icon.

Dominic - I just tested this on develop and things seem like they should... could someone have fixed it and not updated the ticket?
