Category:	API		
Target version:			
Difficulty:		**Fixed in Releases:**	
Triaged:		**Found in Releases:**	1.10.0
Bugzilla link:		**Red Hat JIRA:**	
Pull request:	https://github.com/theforeman/foreman/pull/3088		

Description

Similar to Feature #11577, when creating a new vm using Openstack with Hammer API, additional volumes won't be created. I have implemented and tested this feature in our development environment.

I put only volume attributes.

hammer :
--volume="capacity=14"
--volume="capacity=15"

Will push the code to github afterwords.
