Description

You can see an example in this gif
https://camo.githubusercontent.com/dd327f958993d60ecefbe4e1fc26bc45ad63cf9c/687474703a2f2f692e696d6775722e636f6d2f527a64735239622e676966

The Domain, Realm, IP address & MAC address are all empty, it would be better to only display the fields that are valid for that host.
