<b>Pull request:</b> <a href="https://github.com/foreman/foreman/pull/3198">https://github.com/foreman/foreman/pull/3198</a>	
<b>Description</b>	
When we use something like <pre>&lt;% @host.interfaces.each %&gt;</pre> I see an error like this <pre>There was an error rendering the Preseed default finish template: The snippet 'preseed_networking_setup' threw an error: undefined method 'each' for Safemode::Jail (ActiveRecord::Associations::CollectionProxy)</pre>
