Foreman - Bug #13759

500 when attempting to update a host

02/17/2016 09:40 AM - Walden Raines

Status:	Ready For Testing		
Priority:	Normal		
Assignee:			
Category:	API		
Target version:			
Difficulty:		**Fixed in Releases:**	
Triaged:		**Found in Releases:**	
Bugzilla link:		**Red Hat JIRA:**	
Pull request:	https://github.com/theforeman/foreman/pull/3686, https://github.com/theforeman/foreman/pull/3728		

Description

JSON:

```
{
...
    "capabilities": ["build"]
...
}
```

Response:

```
{
  "error": {"message":"unknown attribute: capabilities"}
}
```

Ultimately one should be able to PUT back the exact same object received on a GET in order to update the object.
