

Foreman - Bug #13771

Failure in after_commit orchestration is very hard to debug

02/17/2016 11:43 AM - Ivan Necas

Status: New	
Priority: Normal	
Assignee:	
Category: Orchestration	
Target version:	
Difficulty:	Fixed in Releases:
Triaged:	Found in Releases:
Bugzilla link:	Red Hat JIRA:
Pull request:	
Description When there is a failure in after_commit orchestration, there is no error message shown in the UI that would indicate the error. How to reproduce: <ol style="list-style-type: none">try to reproduce http://projects.theforeman.org/issues/13770try to spot that something went wrong form the UIno errors shown except a fraction of second when the task status rollback appears
