

Foreman - Refactor #13883

Host::Managed.last_report_object association uses deprecated :order parameter

02/24/2016 11:13 AM - Dominic Cleal

Target version: 1.11.0	
Difficulty:	Fixed in Releases:
Triaged:	Found in Releases:
Bugzilla link: 1321104	Red Hat JIRA:
Pull request: https://github.com/foreman/foreman/pull/3234	
Description	
The last_report_object association on Host::Managed uses a deprecated :order parameter, but should use a scope block and call the order() method, e.g.	
<pre>has_one :last_report_object, ... :order => "#{Report.table_name}.id DESC"</pre>	
becomes	
<pre>has_one :last_report_object, -> { order("#{Report.table_name}.id DESC") }</pre>	
The interfaces association in Host::Base was already changed like this in #7230 .
