

Foreman - Bug #13962

katello upgrade error: foreman-rake db:seed returned 1 instead of one

02/29/2016 06:07 PM - Sameer Syed

Status: Resolved	
Priority: Normal	
Assignee:	
Category:	
Target version:	
Difficulty:	Fixed in Releases:
Triaged:	Found in Releases: 1.10.2
Bugzilla link:	Red Hat JIRA:
Pull request:	
Description	
<p>I've seen this error more than once when I upgrade katello/foreman. I notice this when I upgraded from Katello 2.1 to 2.3 and from 2.3 to 2.4:</p> <pre>/Stage[main]/Foreman::Database/Foreman::Rake[db:seed]/Exec[foreman-rake-db:seed]: Failed to call refresh: /usr/sbin/foreman-rake db:seed returned 1 instead of one of [0] /Stage[main]/Foreman::Database/Foreman::Rake[db:seed]/Exec[foreman-rake-db:seed]: /usr/sbin/foreman-rake db:seed returned 1 instead of one of [0]</pre>	
<p>Even though everything seems to be working even after throwing these errors. Attaching the katello-installer.log</p>

Here it is:

```
foreman-rake db:seed --trace
```

- Invoke db:seed (first_time)
- Execute db:seed
- Invoke db:abort_if_pending_migrations (first_time)
- Invoke environment (first_time)
- Execute environment
- Invoke db:load_config (first_time)
- Execute db:load_config
- Execute db:abort_if_pending_migrations

- Status changed from *Need more information* to *Resolved*

No error is present in the output, I guess it went away. If you can reproduce it failing then I can reopen the ticket.
