Pull request:			
Description			
Cloned from https://bugzilla.redhat.com/show_bug.cgi?id=1313354			
Description of problem:			
Add support to get the Host YAML output from CLI and API.			
Currently we can see YAML output of Host only from UI.			
Version-Release number of selected component (if applicable):			
How reproducible:			
Steps to Reproduce:			
1.			
2.			
3.			
Actual results:			
YAML output of host is only accessible from UI.			
Expected results:			
YAML output should be accessible from API as well CLI.
