

Foreman - Bug #13976

Unchecking override checkbox in smart class parameters effects other checkboxes

03/01/2016 08:23 AM - Ori Rabin

Status: Closed	
Priority: Normal	
Assignee: Ori Rabin	
Category: Parameters	
Target version: 1.11.1	
Difficulty:	Fixed in Releases:
Triaged:	Found in Releases:
Bugzilla link: 1313851	Red Hat JIRA:
Pull request: https://github.com/foreman/foreman/pull/3266	
Description	
When unchecking the override checkbox the matchers and validators are saved so when it's checked again they are all there. All the checkboxes on the form (use puppet default, hidden value, required) are unchecked (because they are disabled and don't send their value). This should be consistent - we either save the state of the parameter or we remove everything.
