

Foreman - Bug #14004

After_commit failure doesn't handle the rollback for the actions performed from the pre_commit phase and active record objects

03/02/2016 05:04 AM - Ivan Necas

Status: New	
Priority: Normal	
Assignee:	
Category: Orchestration	
Target version:	
Difficulty:	Fixed in Releases:
Triaged:	Found in Releases:
Bugzilla link:	Red Hat JIRA:
Pull request:	
Description	
If there are issues in the post-commit phase, the orchestration has no way to handle the rollback of the records or orchestration that happened in the pre_commit phase.
