Description All mailers that use *_path helpers and pass :only_path => false to get a URL should be changed to use *_url helpers instead, as this is deprecated in Rails 4.2. http://edgeguides.rubyonrails.org/4_2_release_notes.html#action-pack-deprecations

fixes #14006 - use URL helpers in mailers

Rails 4.2 deprecates mailers from using _path helpers and from path helpers being called with only_path => false. They should all be changed to use _url helpers.
