```

The issue was found in fog-vmware (I know about 0.6.0 having it) and has been fixed in https://github.com/fog/fog-vsphere/pull/28,
but has not been released yet
at the time of filing this issue.

fog-vsphare 0.6.1, just with this feature was just released

#4 - 03/04/2016 10:45 AM - Dominic Cleal

- Status changed from New to Resolved

That was quick, thanks! I've built and will tag the RPM for 1.11, source and Debian installations will automatically get the fix.
