Category:	Web Interface	
Target version:	1.12.0	
Difficulty:		Fixed in Releases:
Triaged:		Found in Releases: 1.10.0
Bugzilla link:		Red Hat JIRA:
Pull request:	https://github.com/foreman/foreman/pull/3374	

Description

[#12055](#) deliberately disabled select2 from interface compute resource dropdown menus as a fix for incorrect information being displayed in the interfaces table. This though is a regression of the original reason it was added in [#10641](#) - to search through compute resource networks. At the moment, all dropdown menus for compute resource networks are ordinary non-searchable ones.

Filing this as it would be good to re-enable it for compute resource dropdowns while keeping the table working.

Revision cbc6ac08 - 04/05/2016 09:27 AM - Dominic Cleal

fixes #14202 - enable select2 in interfaces modal

Reverts commit 44723b9 and re-enables select2 in the interfaces modal, instead fixing the issue with the NIC table detail lines to read the network information out of select2 dropdown menus correctly.
