<b>Difficulty:</b>		<b>Fixed in Releases:</b>
<b>Triaged:</b>		<b>Found in Releases:</b>
<b>Bugzilla link:</b>	1265967	<b>Red Hat JIRA:</b>
<b>Pull request:</b>	<a href="https://github.com/theforeman/foreman/pull/3363">https://github.com/theforeman/foreman/pull/3363</a>	

#### Description

Cloned from [https://bugzilla.redhat.com/show\\_bug.cgi?id=1265967](https://bugzilla.redhat.com/show_bug.cgi?id=1265967)

Description of problem:

From satellite webui --> Infrastructure --> Compute Resource --> it is possible to edit and change the libvirt 'Display type' to VNC/SPICE.

But with hammer utility there are only following options available and no option for changing display.

```
--set-console-password SET_CONSOLE_PASSWORD for Libvirt and Vmware only
--url URL URL for Libvirt, RHEV, and Openstack
```

Version-Release number of selected component (if applicable):

How reproducible:  
Always

Steps to Reproduce:

1. Create compute resource: Satellite webui --> Infrastructure --> Compute Resource --> New Compute Resource --> Provider: libvirt --> Fill other details --> Submit
2. Infrastructure --> Compute Resource --> Click on the 'Edit' tab in front libvirt compute resource --> change the 'Display type' --> Submit
3. From Satellite command line no option available to change display of libvirt compute resource.

1. hammer compute-resource update --help

Actual results:

No option to change display type of libvirt compute resource.

Expected results:

Hammer utility should have option to change the display type of libvirt compute resource.

Additional info:

#### Associated revisions

**Revision e52bc50f - 04/05/2016 03:25 AM - Adam Ruzicka**

Fixes #14330 - Provide option in hammer to change display type for libvirt compute resource

#### History

**#1 - 03/23/2016 11:33 AM - Dominic Cleal**

- Category set to Compute resources - libvirt

API parameter is missing documentation.
