

## Foreman - Bug #14369

When creating new organization, host selection step won't show, if the user is n context of different organization.

<b>Difficulty:</b>	<b>Fixed in Releases:</b>
<b>Triaged:</b>	<b>Found in Releases:</b>
<b>Bugzilla link:</b> 1321826	<b>Red Hat JIRA:</b>
<b>Pull request:</b> <a href="https://github.com/foreman/foreman/pull/3371">https://github.com/foreman/foreman/pull/3371</a>	
<b>Description</b>	
Steps to reproduce:	
1. Make sure you have a host without organization.	
2. Pick an organization for your context (Make sure you have organization name instead of "Any context")	
3. Create a new organization	
Expected: Redirection to "Step 2" - hosts selector	
Actual: Redirection to Edit organization screen.	
The problem is in #count_nil_hosts, it uses Host.where(taxonomy_id => nil).count to check for unassigned hosts. By default this is scoped:	
<pre>Host.where(taxonomy_id =&gt; nil).to_sql #=&gt; "SELECT \"hosts\".* FROM \"hosts\" WHERE \"hosts\".\"type\" IN ('Host::Managed') AND \"hosts\".\"location_id\" IN (12) AND \"hosts\".\"location_id\" IS NULL"</pre>	
This query will always return 0.
