| <b>Description</b>  |                                  |
| Hello,  |                                  |
| if many tokens are expired (e.g. hosts in a hostgroup) they cannot be renewed via a bulk operation. (Select Action).<br>Is it possible to renew the token/tokenurl if "build host" action has been pressed again? |                                  |
| Regards,<br>Florian   |                                  |
