

Foreman - Feature #14559

Enable reuse of foreman's #documentation_button in plugins.

04/10/2016 03:00 AM - Shimon Shtein

Bugzilla link:	1324616	Red Hat JIRA:
Pull request:	https://github.com/foreman/foreman/pull/3407	
Description		
Currently #documentation_url (source for documentation_button) is hard-coded for foreman documentation pages. If a plugin has its own documentation, it's impossible to reuse these methods, and the plugin has to reinvent its own helpers. For example see https://github.com/foreman/foreman_remote_execution/blob/master/app/helpers/remote_execution_helper.rb#L207
