

## Foreman - Bug #14826

### Hosts > Provisioning Templates > [select a template] > Associations has squashed together strings

04/26/2016 11:50 AM - Bryan Kearney

<b>Status:</b> Duplicate	
<b>Priority:</b> Low	
<b>Assignee:</b> Bryan Kearney	
<b>Category:</b> Templates	
<b>Target version:</b>	
<b>Difficulty:</b>	<b>Fixed in Releases:</b>
<b>Triaged:</b>	<b>Found in Releases:</b>
<b>Bugzilla link:</b> 1178200	<b>Red Hat JIRA:</b>
<b>Pull request:</b> <a href="https://github.com/theforeman/foreman/pull/3467">https://github.com/theforeman/foreman/pull/3467</a>	
<b>Description</b>	
Cloned from <a href="https://bugzilla.redhat.com/show_bug.cgi?id=1178200">https://bugzilla.redhat.com/show_bug.cgi?id=1178200</a>	
Description of problem: If you go to Hosts > Provisioning Templates > [select a template] > Associations, there's a string on the screen without any ending punctuation. "When editing a Template, you must assign a list of Operating Systems which this Template can be used with. Optionally, you can restrict a template to a list of Hostgroups and/or Environments"	
There should be a period at the end of that second sentence.	
Version-Release number of selected component (if applicable): 6.0.6
