

Foreman - Bug #14877

Dashboard API response is hard to understand

04/29/2016 06:22 AM - Daniel Lobato Garcia

Status: Closed	
Priority: Normal	
Assignee: Shlomi Zadok	
Category: API	
Target version: 1.12.0	
Difficulty:	Fixed in Releases:
Triaged:	Found in Releases:
Bugzilla link:	Red Hat JIRA:
Pull request: https://github.com/foreman/foreman/pull/3500	
Description	
As per a mail on foreman-users: https://groups.google.com/forum/#!topic/foreman-users/1g-10k5ES14	
The dashboard API response contains useful numbers, but even I couldn't really understand them all without looking at the code that produces them. We should document this more properly, and provide an explanation in the response (in a separate node, to keep backwards compatibility).
