Description	
<p>After upgrading to foreman-0.4.2-0.1, foreman was unable to create a DHCP lease. Foreman-proxy (version 0.3.1-0.1) log indicates that omshell set 'next-server' to 'false'. I downgraded foreman (via yum) to the previous version (foreman-0.4.1-0.1) and the issue could not be reproduced.</p>	
<p><u>/tmp/proxy.log</u> W, [2012-02-23T07:37:14.540757 #27750] WARN -- : Failed to resolve IP address for false D, [2012-02-23T07:37:14.540892 #27750] DEBUG -- : omshell: executed - set statements = "filename = \"pxelinux.0\"; next-server = \"false\"; option host-name = \"csgsandbox.doit.missouri.edu\";\"</p>
