Category:	Search		
Target version:	1.13.0		
Difficulty:		**Fixed in Releases:**	
Triaged:		**Found in Releases:**	1.11.2
Bugzilla link:		**Red Hat JIRA:**	
Pull request:	https://github.com/theforeman/foreman/pull/3610		

Description
While it is possible to query which users have a particular role it is not possible to query via API or UI which which groups have a particular role.   For reference workaround is: `foreman-rake console , then "Role.find_by_name('Site manager').usergroups`
