Smart Proxy - Bug #15373

ping timeouts are too short

06/10/2016 10:21 AM - Paul Kelly

Status:	Closed

Pull request:	https://github.com/theforeman/smart-proxy/pull/433		

Description

During free_ip queries on a subnet the timeout on the ping operations are too short for the native ms dhcp system as the current code gives the ping executable just one millisecond to reply. I guess that the original author failed to notice that Linux uses seconds for the timeout while Windows uses milliseconds.
