

Foreman - Bug #15761

"execution expired" during HostJSTest: saves correct values for inherited fields without hostgroup

07/21/2016 03:05 AM - Dominic Cleal

Status: Closed	
Priority: Normal	
Assignee: Dominic Cleal	
Category: Tests	
Target version: 1.13.0	
Difficulty:	Fixed in Releases:
Triaged:	Found in Releases:
Bugzilla link:	Red Hat JIRA:
Pull request: https://github.com/theforeman/foreman/pull/3664	
Description	
<p>The following test is failing intermittently at quite a high rate:</p> <pre>HostJSTest::create new host page.test_0003_saves correct values for inherited fields without hostgroup (from HostJSTest__create new host page) Took 35 sec. Timeout::Error: execution expired test/integration/host_js_test.rb:166:in `block (3 levels) in <class:HostJSTest>' test/integration/host_js_test.rb:165:in `block (2 levels) in <class:HostJSTest>' (Timeout::Error) /usr/local/rvm/gems/ruby-2.0.0-p353@test_develop-3/gems/poltergeist-1.10.0/lib/capybara/poltergeist/web_socket_server.rb:79</pre> <p>It looks similar to #15134 where network interfaces are being filled in and there's no waiting for the various AJAX calls on the interface modal.</p>
