Description
Webpack can also be used to manage CSS assets. We should take advantage of that to allow adding css from node modules.

Revision ff51a9f3 - 08/22/2016 04:35 AM - Tomer Brisker

Fixes #16120 - Allow including css in webpack assets

This commit demonstrates using the css from the select2 module using the webpack css loaders. Images under 32k will be compiled into the css to reduce request counts.
