

Installer - Bug #16250

Installer fails when alternate directory is defined

08/23/2016 12:40 PM - Stephen Benjamin

Status: Resolved	
Priority: Low	
Assignee: Stephen Benjamin	
Category: Foreman modules	
Target version:	
Difficulty:	Fixed in Releases:
Triaged:	Found in Releases:
Bugzilla link: 1124553	Red Hat JIRA:
Pull request:	
Description	
Cloned from https://bugzilla.redhat.com/show_bug.cgi?id=1124553	
Description of problem:	
<pre>katello-installer --certs-log-dir /local1/satellite6/certs --certs-ssl-build-dir /local1/satellite6/ssl-build --foreman-app-root /local1/satellite6/foreman --foreman-puppet-home /local1/satellite6/puppet --katello-config-dir /local1/satellite6/foreman/plugins --katello-log-dir /local1/satellite6/foreman/log/plugins</pre>	
The first run completely failed and I would have expected the installer to create the directory. The second run went better but still failed after creating /local1/satellite6.	
<pre>[root@totlx90101 tmp]# katello-installer --certs-log-dir /local1/satellite6/certs --certs-ssl-build-dir /local1/satellite6/ssl-build --foreman-app-root /local1/satellite6/foreman --foreman-puppet-home /local1/satellite6/puppet --katello-config-dir /local1/satellite6/foreman/plugins --katello-log-dir /local1/satellite6/foreman/log/plugins Could not set 'file' on ensure: cannot generate tempfile `/local1/satellite6/ssl-build/rhsm-katello-reconfigure20140729-23332-14mpoaz-9' at 20:/usr/share/katello-installer/modules/certs/manifests/katello.pp Could not set 'file' on ensure: cannot generate tempfile `/local1/satellite6/ssl-build/rhsm-katello-reconfigure20140729-23332-14mpoaz-9' at 20:/usr/share/katello-installer/modules/certs/manifests/katello.pp /Stage[main]/Certs::Katello/File[/local1/satellite6/ssl-build/rhsm-katello-reconfigure]/ensure: change from absent to file failed: Could not set 'file' on ensure: cannot generate tempfile `/local1/satellite6/ssl-build/rhsm-katello-reconfigure20140729-23332-14mpoaz-9' at 20:/usr/share/katello-installer/modules/certs/manifests/katello.pp Could not start Service[mongodb]: Execution of '/usr/share/katello-installer/modules/service_wait/bin/service-wait mongod start' returned 1: Starting mongod: [OK] /Stage[main]/Mongodb::Server::Service/Service[mongodb]/ensure: change from stopped to running failed: Could not start Service[mongodb]: Execution of '/usr/share/katello-installer/modules/service_wait/bin/service-wait mongod start' returned 1: Starting mongod: [OK] /Stage[main]/Foreman::Database/Foreman::Rake[db:migrate]/Exec[foreman-rake-db:migrate]: Failed to call refresh: /usr/sbin/foreman-rake db:migrate returned 1 instead of one of [0] /Stage[main]/Foreman::Database/Foreman::Rake[db:migrate]/Exec[foreman-rake-db:migrate]: /usr/sbin/foreman-rake db:migrate returned 1 instead of one of [0] /Stage[main]/Foreman::Database/Foreman::Rake[db:seed]/Exec[foreman-rake-db:seed]: Failed to call refresh: /usr/sbin/foreman-rake db:seed returned 1 instead of one of [0] /Stage[main]/Foreman::Database/Foreman::Rake[db:seed]/Exec[foreman-rake-db:seed]: /usr/sbin/foreman-rake db:seed returned 1 instead of one of [0] /Stage[main]/Foreman::Database/Foreman::Rake[apipie:cache]/Exec[foreman-rake-apipie:cache]: Failed to call refresh: /usr/sbin/foreman-rake apipie:cache returned 1 instead of one of [0] /Stage[main]/Foreman::Database/Foreman::Rake[apipie:cache]/Exec[foreman-rake-apipie:cache]: /usr/sbin/foreman-rake apipie:cache returned 1 instead of one of [0] Installing Done [100%] [.....] Something went wrong! Check the log for ERROR-level output The full log is at /var/log/katello-installer/katello-installer.log</pre>	
Version-Release number of selected component (if applicable):	

satellite 6 beta

How reproducible:

See above

Actual results:

Expected results:

Additional info:

Having a separate install directory locations allows for portability

- Category set to Foreman modules

- Status changed from New to Assigned

- translation missing: en.field_release deleted (114)

Don't change them if you're not using packages with those paths...

#4 - 05/17/2017 05:44 PM - Anonymous

Feels to me like I would reject this issue... thoughts?

#5 - 05/17/2017 06:32 PM - Ewoud Kohl van Wijngaarden

Currently it's marked as an advanced parameter so I think it's OK to close this.

#6 - 05/20/2017 03:07 PM - Anonymous

- Status changed from Assigned to Resolved

thanks
