## History

---

### #1 - 05/28/2012 06:51 AM - Florent Castelli

Probably related to puppet 3

### #2 - 10/17/2012 07:44 PM - Myles Steinhauser

This is still an issue for me as of foreman-proxy from git. Running Puppet 3.0 so it is definitely related.

### #3 - 11/28/2012 02:47 PM - Drew Blessing

This issue seems to be resolved by <http://theforeman.org/issues/1915>. I applied the changes from the commit at <https://github.com/theforeman/smart-proxy/pull/42> and no longer saw this error.

### #4 - 11/28/2012 02:51 PM - Dominic Cleal

- *Status changed from New to Resolved*

Thanks for confirming Drew!
