

Foreman - Bug #1682

EC2: SSH key pair generation

06/13/2012 04:13 PM - Ashley Penney

Status: New	
Priority: Normal	
Assignee:	
Category: Compute resources - EC2	
Target version:	
Difficulty:	Fixed in Releases:
Triaged:	Found in Releases:
Bugzilla link:	Red Hat JIRA:
Pull request:	
Description	
During testing we discovered the following issues:	
<ul style="list-style-type: none">• If you edit a region to another it won't generate new keys.• It did not successfully clean up an old key pair.	
I lumped these together as the fix to one will probably fix the other. Maybe there should be an option to clean up all keys and regenerate them for all current compute resources.
