Description

I have an error when trying to import puppet classes from
Foreman

Error stack:
NoMethodError
undefined method `map' for true:TrueClass
app/models/environment.rb:27:in `puppetEnvs'
app/models/environment.rb:34:in `importClasses'
lib/foreman/controller/environments.rb:7:in `import_environments'

History

- Status changed from New to Closed

This was due to a second smart-proxy with puppet enabled and misconfigured.
