Foreman - Bug #1723

"foreman check" says "valid procfile detected (web)" even though procfile is not valid

06/30/2012 04:36 PM - Sissi Adamski

Status:	Rejected

Pull request:			

Description

foreman didn't start because there was an empty line at the end of my procfile.
"foreman check" however said that the procfile was valid when it actually wasn't....

I think you get mixed up with this foreman project : http://blog.daviddollar.org/2011/05/06/introducing-foreman.html .

This forge is about the project TheForeman : http://theforeman.org/projects/foreman/wiki/Features
